

ALL ABOARD

Volume 10 Issue 10

October 2017

Well lots to report or talk about this issue so lets get started.

First off we have a recap of the Temple Train Show last month on the 16th and 17th. We had a good attendance with 9 members attending. Frank had hauled the trailer up to Temple but had to man the ETE booth along with Larry Donsbach. The layout was rather on the small size but should be larger next year after putting a bug in the organizers ear. We had modules also from AustNTrak and North Texas TTrak. General consensus was it was a good show and most had a good time. Due to heavy construction in and around Temple we were unable to attend the reception at the CentraMod clubhouse.

Secondly, we have been doing a repair/rework of the club trailer. This has been going on under the leadership of Pam. She had procured most of the supplies and has been the driving force behind getting this project done. We have 90% of the work complete and should complete the work shortly. Thanks Pam for the great work and to all your helpers, This includes Frank, Ray, Doug, Eric, Bob A, Kevin, and myself. If I forgot anyone, my apologies.

On the menu for this month we have the 9th Annual NBRM Fall Train Show the 28th and 29th. We will be on the stage and Ray is coordinating the effort. As with the other shows any help will be appreciated. This show will be the last show this year and then next season starts at the New Year. As of now I do not have any schedule of shows yet.

As for ongoing projects, the Raffle layout still needs work and we still have an ongoing search for a clubhouse. We also have the display next month at the Bulverde/Spring Branch Library November 11th and 12th. This will be in lieu of our regular meeting. So with that said on with the rest of the edition.

**CHANGES IN CONTACT
INFORMATION**

If you change an address, e-mail, phone #, etc., please let us know.

If you don't tell us, we don't know!

This space available for general ads for members in good standing or whatever. Please note this is to see if you really read the newsletter. We have not approved any of this, its just an idea.

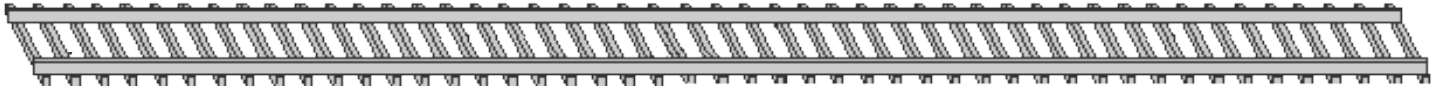

I am selling some N Gage track and bridges. I have some Kato and some Atlas. If any of your members would like to know what I have please call. I am not getting out of the hobby. I am currently building a 4 track N Gage rail road on a 14ft by 8ft. I am still in the process of building and have way too much track as of now. Again if any one needs track, bridges, roadbed I have it. Please call.

Superintendent's Page

From the Superintendent's Desk:

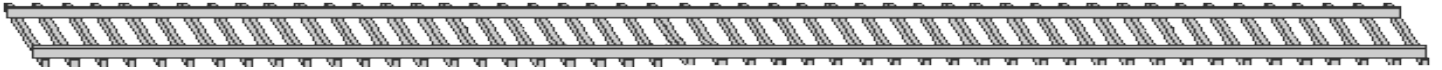

If you have any questions please feel free to Email me or call me in the evenings ([210-884-6863](tel:210-884-6863))

Well we have successfully reskinned and repainted the club trailer (the roof may be still need to be done). Once the skin was off the damage underneath was rather limited but the old claptrap should be good for another 15 years or so. This is a good think in that we will be using it to go to the New Braunfels show at the 27th and 28th of October. Many thanks to Pam for her diligent and decisive leadership.

We will be taking an L-Shaped layout with broad radius curves and we will have a sales table as well. We will be selecting the modules to go in the layout this Saturday after the meeting (and after lunch) so come on by blossom storage and help us pull the modules and set them on trays. We will need the equivalent of approximately 25 doubles plus the corners, so we should have plenty of opportunities to accommodate your favorites.

Two weeks after New Braunfels we will have our Bulverde display. We will have an informal November meeting at the Bulverde display. Hope to see everyone at Saturday's meeting at Hobby Town.

REGIONAL TRAIN SHOW SCHEDULE 2017

9th Annual NBRRM Fall Train Show
October 28th and 29th, 2017
New Braunfels Civic Center
New Braunfels, TX
