

ALL ABOARD

Volume 10 Issue 11

November 2017

Well we return once again to another thrilling edition of your favorite N scale club newsletter. Or at least that's what I believe.

First off this months meeting will be held at the Bulverde/Spring Branch Library in Bulverde. The library is located at 131 Bulverde Crossing, Bulverde Tx. This is a short scenic drive north of town on IH 281. We will be able to get in at 10 am on Saturday and 11 am on Sunday. We will have a small rectangular TTrak layout. We will also be running military themed trains in observance of Veterans Day. We will not be bringing the trailer to Bulverde so volunteers are needed to transport modules for the layout at the library.

Well next up we have a recap of the New Braunfels Fall train show. We had a rather nice turnout for the show as usual, We ran trains on an "L" shaped layout using a new wide radius inside corner built by Ray. We had no real problems and Eric seemed content with the electrical operations. Tear down with almost smoothly and we setup the trailer trays with the modules for Bulverde being staged in trays for easy loading.

No word yet on any shows for 2018 other than participation in the NBRRM show in April. More details as they become available.

The never ending search for a clubhouse home continues. Some day the N scale Train Gypsies will find a home to call their own at least for a short period of time.

Looking forward to next month, we have our meeting the 9th which is also the date for our Annual Christmas/Hanukah/Winter Festival/Whatever Else you wanna call it Celebration. This years celebration is being coordinated by our very own Mr. Sunshine, Jim Ciliberto. A fun time is sure to be had by all and plenty of face stuffing.

Well that's all the news that's reportable and since the sun is coming up I should probably go lay down and get some more sleep. Until we meet again.
